8. Business Model/Business Overview and Strategy:

Business Overview
 Our Company is primarily engaged in the exploration, development, and production of hydrocarbons, including crude oil, condensate and Natural Gas, from various fields across India. Our Company is the second largest private oil and gas exploration and production company in India. Our end users are mainly large, reputed companies across India. Our principal domestic competitors include the public sector enterprises, Oil and Natural Gas Corporation Limited ("ONGC") and Oil India Limited ("OIL"), and the private sector participant Reliance Industries Limited. We sell crude oil to large public and private sector refineries such as HPCL, MRPL, RIL etc. and natural gas to gas consumers and aggregators such as GAIL, GSPC etc. Our Company will house the Oil & Gas Business of the Vedanta group post the Demerger. Our Oil and Gas Business is conducted by our Company and its wholly owned step-down Subsidiary, CEHL. Our Oil and Gas Business has multiple blocks in India. The blocks are primarily located across the Indian basins in Rajasthan, Krishna-Godavari, Cambay, Assam, Gujarat Kutch, Saurashtra, Cauvery and Chhattisgarh. VEDL's operatorship and participating interest for all oil and natural gas blocks is either through production sharing contracts or revenue sharing contracts. The entire Oil & Gas Business of VEDL along with Participating Interest (PIs) will be transferred to our Company, on receipt of approval from MoPNG (awaited as on date).

- Rajasthan Block (RJ-ON-90/1) – 35% PI
- Ravva Oil and Gas Field – 22.5% PI
- Cambay Block (Cambay CB/OS-2) – 40% PI
- KG-ONN-2003/1 Block – 49% PI (Non Operated Block, Operated by ONGC)
- KG-OSN-2009/3 Block – 100% PI (Our Company has applied for relinquishment of its participating interest in the KG-OSN-2009/3 Block)
- Open Acreage Licensing Policy (OALP) 40 Blocks – 100% PI (Our Company has applied for relinquishment of its participating interest in five of the OALP Blocks)
- Discovered Small Field (DSF) 4 Blocks – 100%PI
- CBM (Coal Bed Methane) Block – 100% PI

The Oil & Gas Undertaking has bid for additional blocks under the DSF round IV bidding. Results are awaited. Further, the DGH has denied paid-time extensions for four of the OALP Blocks, which is being challenged by our Company. Alongside with the above assets, shareholding of VEDL in Cairn India Holdings Limited (CIHL), which in turn hold 100% shareholding of CEHL (holding 35% of PI in Rajasthan Block) will also be transferred to our Company. The participating interests ("PIs") held by VEDL in: (i) the production sharing contracts and revenue sharing contracts executed with the President of India, acting through MoPNG; and (ii) the joint operating agreements in respect of such production sharing contracts, are in the process of transfer to our Company. NCLT, Mumbai, has vide its order dated December 16, 2025, read with the order dated January 21, 2026, disposed the Intervention Application of MoPNG with certain directions. While, all the conditions laid out by NCLT in its order have been complied with and the conditions for effectiveness of the Scheme have also been substantially satisfied, formal consents from MoPNG and, wherever applicable, from the relevant joint venture partners under the joint operating agreements, for transfer or assignment of these PIs from VEDL to our Company are awaited as on the date of this Draft Information Memorandum. In terms of Clause 34 of the Scheme, the economic interest in the aforesaid contracts is deemed to have been transferred on and unto our Company pursuant to the Scheme Effectiveness, and VEDL will continue to hold such interests in trust for and on the benefit of our Company until such transfer is completed. Non-receipt or delay in obtaining such consents from MoPNG and, where applicable, from the relevant joint venture partners under the joint operating agreements, may affect our Company's ability to exercise its rights and derive the anticipated benefits under the Scheme.

Strategies:
Operational Excellence and Cost Leadership
 Our Company strives for all-round operational excellence to achieve benchmark performance across its business, by debottlenecking its assets to enhance production, supported by improved digital and technology solutions. Our Company's efforts are focused on enhancing profitability by optimising its cost and improving realisation through the right marketing strategies

Optimise capital allocation and maintain strong asset base
 A key strategic priority for our Company is to maintain and grow strong cash flow through disciplined approach on capital allocation towards capital expenditure and operating expenditure; along with disciplined management of working capital. Despite volatility in commodity prices recently, our Company continued to deliver strong EBITDA margins and free cash flows through a strong focus on its cost optimisation plan. As we continue to ramp up our portfolio of products and invest in developing cost efficient and well-invested assets, we expect to generate significant organic free cash flow with minimal remaining capital expenditure
 Focus on digitalization and innovation to drive efficiency and resilience.
 We continue to focus on operational excellence and high asset utilisation to ensure cost efficiency, performance and consistent cash flows. We have been adopting a digital-first culture that ensures sustained technology innovation and digital literacy of the entire workforce.

Committed to environmental, sustainability and corporate governance leadership in the natural resources sector.
 Our Group is committed to conducting its business in a socially responsible, ethical and environmentally friendly manner and continue working towards improving the quality of life of the communities in its operational areas. We believe that we can positively impact and contribute to the realisation of integrated and inclusive development of the country, with programs impacting the overall socio-economic growth and empowerment of people

9. REASON FOR THE SCHEME OF ARRANGEMENT:

- VEDL has interests in multiple businesses including metals, mining, and exploration of natural resources (zinc-lead-silver, iron ore, steel, copper, aluminium, nickel, and oil and gas) and power generation.
- Each of the varied businesses carried on by VEDL by itself or through strategic investments in subsidiaries or through affiliate companies (including the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking) have significant potential for growth and profitability.
- The nature of risk and competition involved in each of these businesses, financial profiles and return ratios are distinct from others and consequently each of the abovementioned business undertakings is capable of attracting a different set of investors, lenders, strategic partners, and other stakeholders. The manner of handling and management of each of the abovementioned businesses is also distinct.
- In order to lend enhanced focus to the operation of identified businesses, VEDL proposes to segregate and organize these businesses as separate entities, through demergers of each of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking.
- The following benefits shall accrue on demergers of the Aluminium Business (as defined hereinafter), the Merchant Power Business (as defined hereinafter), the Oil and Gas Business (as defined hereinafter), and the Iron Ore Business (as defined hereinafter):
 - creation of independent global scale companies focusing exclusively on mining, production and/or supply of aluminium, iron-ore, copper, oil & gas and on generation and distribution of power and exploring new opportunities and taking advantage of the growth potential in the said respective sectors;
 - enabling greater focus of management in the relevant businesses thereby allowing new opportunities to be explored for each business efficiently and allowing a focused strategy in operations;
 - each of the independent companies can attract different sets of investors, strategic partners, lenders, and other stakeholders enabling independent collaboration and expansion in these specific companies without committing the existing organization in its entirety;
 - enabling investors to separately hold investments in businesses with different investment characteristics thereby enabling them to select investments which best suit their investment strategies and risk profiles;
 - enabling focused and sharper capital market access (debt and equity) and thereby unlocking the value of the Aluminium Undertaking, the Merchant Power Undertaking, the Oil and Gas Undertaking, and the Iron Ore Undertaking and creating enhanced value for shareholders.

The Scheme is in the interests of all stakeholders of VEDL, Resulting Company 1, Resulting Company 2, Resulting Company 3, and Resulting Company 4.

18. REGULATORY ACTION IF ANY - DISCIPLINARY ACTION TAKEN BY STOCK EXCHANGE/ SEBI AGAINST THE PROMOTERS IN LAST 5 FINANCIAL YEARS:

Show cause notice issued by SEBI against Sterlite Industries Limited (now merged with VEDL)

SEBI issued a show cause notice to Sterlite Industries India Limited (now merged with VEDL) ("SIL") to show cause as to why it should not proceed against SIL under Section 24 read with Section 27 of the SEBI Act, 1992 for alleged violation of regulation 4(a) and 4(d) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 1995 ("Alleged Violations"). SIL replied to the show cause notice. Thereafter, the Chairman of SEBI ("Authority") passed an order dated April 19, 2001, prohibiting SIL from accessing the capital markets for a period of two years and ordering prosecution proceedings against SIL, through its directors namely Anil Agarwal, Tarun Jain and Shashikant, for the Alleged Violations ("Impugned Order"). Accordingly, SEBI proceeded to file a criminal complaint before the 8th Additional Chief Metropolitan Magistrate's Court at Esplanade Mumbai ("Trial Court"). SIL filed an appeal before the Securities Appellate Tribunal ("SAT") against the Impugned Order. The Impugned Order was subsequently overruled by the SAT vide an order dated October 22, 2001, on the basis that inter alia there was insufficient material evidence to establish that SIL had, directly or indirectly, engaged in market manipulation and allowed the appeal filed by SIL ("SAT Order"). SEBI filed an appeal before the High Court of Judicature at Bombay ("Bombay High Court") against SIL, its Director, Anil Agarwal and others ("Accused") challenging the SAT Order which is currently pending. SIL filed a criminal application before the Bombay High Court to stay the criminal proceedings initiated by SEBI through its criminal complaint since the Impugned Order was set aside by SAT. The Bombay High Court inter alia vide an order dated November 22, 2006, admitted the application and granted an interim stay on the criminal proceedings. As per the amendment to the SEBI Act, 1992 through the Securities Law (Amendment) Act, 2014, the jurisdiction of the matter has been transferred from the Trial Court to the sessions court. The aforementioned interim stay on the criminal proceedings granted by the Bombay High Court continues to be in force as on date. The matter is currently pending.

19. BRIEF DETAILS OF OUTSTANDING CRIMINAL PROCEEDINGS AGAINST THE PROMOTERS:

A. Criminal proceedings involving our Promoters

Proceedings filed by SEBI against Sterlite Industries India Limited (now merged with VEDL) for alleged violation of provisions of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to securities market) Regulations, 1995

Pursuant to SEBI's order dated April 19, 2001, prohibiting SIL from accessing the capital markets for a period of two years and ordering prosecution proceedings against SIL, through its directors namely Anil Agarwal, Tarun Jain and Shashikant, for the Alleged Violations, SEBI filed a criminal complaint against Sterlite Industries India Limited (now merged with VEDL) ("SIL"), its Director, Anil Agarwal and others before the Additional Metropolitan Magistrate, Esplanade in relation to the alleged violation of Regulations 4(a) and 4(d) of the SEBI (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 1995. SIL filed a criminal application before the Bombay High Court to stay the criminal proceedings initiated by SEBI through its criminal complaint since the SEBI order dated 19 April 2001 was set aside by SAT. The Bombay High Court subsequently admitted the application and granted an interim stay on the criminal proceedings. This order continues to be in force as on date. The matter is currently pending.

Proceedings initiated against BALCO for abatement, cheating and commission of criminal breach of trust in respect of the deposit, commission

Ajaykumar Padia ("Complainant") initiated criminal proceedings against BALCO and its Directors before the CJM Pune, alleging cheating and criminal breach of trust. Despite a police report suggesting the dispute to be of civil nature, the CJM issued process. The Bombay High Court has granted a stay, and the matter is currently pending.

B. FIR

FIR registered against our Individual Promoter and others in respect of the Athena Power Plant explosion

On April 14, 2026, a boiler explosion occurred at Unit-1 of TSPL's Athena Power Plant in Chhattisgarh, resulting in fatalities and injuries to certain contractor and sub-contractor personnel. Pursuant to an operation and maintenance contract, the plant was being operated and maintained NTPC-GE Power Services Limited ("NGSL"), a JV between NTPC and GE Power Services Limited. An FIR under Sections 106, 289 and 3(5) of the Bharatiya Nyaya Sanhita, 2023, has been filed naming eighteen individuals including eleven personnel of NGSL and seven personnel of TSPL, including Mr Anil Agarwal, Promoter & Non-Executive Chairman of the Company and Mr Devendra Patel, Plant Head of TSPL. Multiple regulatory authorities and law enforcement agencies are currently investigating the incident.

16. INTERNAL RISK FACTORS:

Our business is subject to a number of internal risks that could materially affect our operations, financial condition, results and share price. The most immediate arise from our recent demerger from VEDL, which may leave us exposed to uncertainties in the integration of the Demerged Undertaking. We may not achieve any or all of the expected benefits of the demerger from VEDL, and the Scheme could adversely impact our business, results of operations and financial condition. Our operations are subject to operating risks common to the industries in which we operate which could result in decreased production and/or increased cost of production which could adversely affect our business, results of operations, cash flows and financial condition. Further, our business is significantly dependent on our oil and gas operations located in the Barmer Basin, Rajasthan, which exposes us to concentration risks, natural field decline, and technical risks associated with EOR projects. Any disruption, slowdown, or failure to achieve projected recovery rates in these operations could adversely affect our business, results of operations, financial condition and cash flows. Our exploration, development and production activities are subject to significant subsurface uncertainties. Our PSC and RSC blocks, including our OALP and DSF blocks, carry strict timelines and minimum work programme commitments. Any failure to complete these, establish commercial viability or obtain timely extensions may result in relinquishment of blocks, capital write-offs, forfeiture of bank guarantees, debarment from future bid rounds and liquidated damages, adversely affecting our financial condition and results of operations. E&P operational risks and non-compliance with health, safety and environmental laws may result in operational disruptions, monetary losses and material liabilities. Our business operations may be subject to seasonal variations and cyclicalities in the energy markets, which could lead to fluctuations in our quarterly results of operations and cash flows. We are exposed to competitive pressures in the Oil and Gas businesses in which we operate. Our Proforma Financial Statements are illustrative in nature, and our actual results could be materially different from those indicated in the Proforma Financial Statements. We may face numerous protective trade restrictions, including anti-dumping laws, countervailing duties and tariffs, which could adversely affect our financial condition, cash flows and results of operations. Additional factors that could cause the Company's actual results, performance or achievements to differ materially include, but are not limited to those discussed in the section titled "Risk Factors" on page 19 of the Information Memorandum.

Further, actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties or assumptions associated with the expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which the Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in its industry and incidents of any natural calamities.

More details on "Internal Risk Factors" are provided on page 19 of the Information Memorandum available on the website of the Company at <https://www.vedantaoilandgas.com>.
