Sub: Six-monthly Report on progressive compliance to Environmental Clearance (EC) conditions for Onshore Oil and Gas Exploration, Appraisal and Early Production in AA-ONHP-2018/1 Block in Golaghat districts of Assam.

Ref: **File No.: SEIAA. 2077/2022 dated 20.02.2023, EC Identification No.: EC23B002AS121194**

Dear Sir,

We are pleased to submit a point wise compliance status report of the conditions stipulated in the Environmental Clearance accorded by SEIAA, Assam for AA-ONHP-2018/1 Block for the period of October 2025 to March 2026.

Thanking you,

Yours faithfully,
For Vedanta Limited (Div.: Cairn Oil & Gas)

**SIX MONTHLY REPORT
ON PROGRESSIVE COMPLIANCE TO ENVIRONMENTAL CLEARANCE CONDITIONS**

Project name:	Onshore Oil & Gas Exploration, Appraisal & Early Production in AA-ONHP-2018/1 hydrocarbon Block, Golaghat District, Assam.
Environmental Clearance letter no.:	File No.: SEIAA.2077/2022/EC/1979-A; dated: 16/02/2023 EC Identification No.: EC23B002AS121194; Dated 20/02/2023
Reporting period:	October 2025 to March 2026
Project activity during reporting period:	No exploratory & appraisal well drilling and early production activities carried out in this reporting period.
Overall status of activities w.r.t. project defined in EC:	<p>Project defined in EC:</p> <ul style="list-style-type: none"> • Drilling of Exploratory & Appraisal Wells: 5 Nos. • Early Production Units (EPUs)/ Quick Production Units (QPU): 3 Nos. • Early Production: 6000 BOPD Crude oil and 12 MMSCFD associated Natural gas. <p>Overall Status: No Exploration & Appraisal drilling and Early production activities carried out in AA-ONHP-2018/1 block till date.</p>

S. No.	EC Conditions	Compliance Status
I.	Statutory Compliance:	
i.	The project proponent shall obtain forest clearance under the provisions of Forest (Conservation) Act, 1986, in case of the diversion of forest land for non-forest purpose involved in the project.	Forest clearance for well pads/ drill sites falling in forest land will be obtained prior to drilling.
ii.	The project proponent shall obtain clearance from the National Board for Wildlife, if applicable.	Wildlife clearance will be taken in case well pad falls under ESZ area prior to drilling.
iii.	The project proponent shall prepare a Site-Specific Conservation Plan & Wildlife Management Plan and approved by the Chief Wildlife Warden. The recommendations of the approved Site-Specific Conservation Plan/ Wildlife Management Plan shall be implemented in consultation with the State Forest Department. The implementation report shall be furnished along with the six-monthly compliance report (In case of the presence of Schedule-I species in the study area).	Wildlife Conservation plan has been prepared for the block and submitted to PCCF-WL (vide letter no. AA-ONHP-2018/1/WLC/1 dated 08.04.2022).
iv.	The Project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State Pollution Control Board/ Committee.	Consent to Establishment (CTE) and Consent to Operate (CTO) will be obtained prior to drilling.
v.	The project proponent shall obtain authorization under the Hazardous and other Waste Management Rules, 2016 as amended from time to time.	Hazardous waste authorization will be obtained prior to drilling activities.
vi.	The Company shall strictly comply with the rules and guidelines under Manufacture, Storage and Import of Hazardous Chemicals (MSIHC) Rules, 1989 as amended time to time. All transportation of Hazardous Chemicals shall be as per the Motor Vehicle Act (MVA), 1989.	Noted
II.	Air quality monitoring and preservation:	
i.	The project proponent shall install 24x7 continuous emission monitoring system at process stacks to monitor stack emission with respect to standards prescribed in Environment (Protection) Rules 1986 and connected to SPCB and CPCB online servers and calibrate the system from time to time according to equipment supplier specification through labs recognized under Environment (Protection) Act, 1986 or NABL accredited laboratories.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.

S. No.	EC Conditions	Compliance Status
ii.	The project proponent shall monitor fugitive emissions in the plant premises at least once in every quarter through labs recognized under Environment (Protection) Act, 1986.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
iii.	The project proponent shall install system to carryout Ambient Air Quality monitoring for common/criterion parameters relevant to the main pollutants released (e.g. PM10 and PM2.5 in reference to PM emission, and SO2 and NOx in reference to SO2 and NOx emissions) within and outside the plant area at least at four locations (one within and three outside the plant area at an angle of 120 each), covering upwind and downwind directions.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
iv.	To control source and the fugitive emissions, suitable pollution control devices shall be installed to meet the prescribed norms and/or the NAAQS. Sulphur content should not exceed 0.5% in the coal for use in coal fired boilers to control particulate emissions within permissible limits (as applicable). The gaseous emissions shall be dispersed through stack of adequate height as per CPCB/SPCB guidelines.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
v.	Storage of raw materials, coal etc shall be either stored in silos or in covered areas to prevent dust pollution and other fugitive emissions.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
vi.	National Emissions Standards for Organic Chemicals Manufacturing Industry issued by the Ministry vide G.S.R. 608(E) dated 21 st July, 2010 and amended from time to time shall be followed.	Not applicable. Not relevant to the oil & gas exploration & production projects.
vii.	The National Ambient Air Quality Emission Standards issued by the Ministry vide G.S.R. No. 826(E) dated 16 th November 2009 shall be complied with.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
III.	Water quality monitoring and preservation:	
i.	The project proponent shall provide online continuous monitoring of effluent, the unit shall install web camera with night vision capability and flow meters in the channel/ drain carrying effluent within the premises (applicable in case of the projects achieving ZLD).	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
ii.	As already committed by the project proponent, Zero Liquid Discharge shall be ensured and no waste/ treated water shall be discharged outside the premises (applicable in case of the projects achieving the ZLD).	To be complied with
iii.	The effluent discharge shall conform to the standards prescribed under the Environment (Protection) Rules, 1986, or as specified by the State Pollution Control Board while granting Consent under the Air/ Water Act, whichever is more stringent.	To be complied with
iv.	Total freshwater requirement shall not exceed the proposed quantity or as specified by the Committee. Prior permission shall be obtained from the concerned regulatory authority/ CGWA in this regard.	No ground water will be extracted for this project.
v.	Process effluent/ any wastewater shall not be allowed to mix with storm water. The storm water from the premises shall be collected and discharged through a separate conveyance system.	To be complied with
vi.	The company harvest rainwater from the roof tops of the building and storm water drains to recharge the ground water and utilized the same for different industrial operations within the plant.	Drilling is a very short-term activity. Rainwater harvesting not feasible during exploration phase. In case of commercially viable discovery in future wells rainwater harvesting will be done in production phase. No exploratory & appraisal well drilling and early production activity till date.
vii.	The DG sets shall be equipped with suitable Pollution control devices and the adequate stack height so that the emissions are in conformity with the extant regulations and the guidelines in this regard.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.

S. No.	EC Conditions	Compliance Status
IV.	Noise monitoring and preservation:	
i.	Acoustic enclosure shall be provided to DG set for controlling the noise pollution.	To be complied with
ii.	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods, silencers, enclosures etc. on all sources of noise generation.	Noted for compliance
iii.	The ambient noise levels should conform to the standards prescribed under E(P)A Rules, 1986 viz, 75 dB(A) during daytime and 70 dB(A) during night-time.	Noted for compliance
V.	Energy conservation measures:	
i.	The energy sources for lighting purposes shall preferably be LED based	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
VI.	Waste management:	
i.	Hazardous chemical shall be stored in tanks, tank farms, drums, carboys etc. Flame arresters shall be provided on tank farm and the solvent transfer through pumps.	Not relevant to the oil & gas exploration & production projects, therefore not applicable.
ii.	Process organic residue and spent carbon, if any, shall be sent to cement industries. ETP sludge, process inorganic & evaporation salt shall be disposed off to the TSDF.	Not Applicable
iii.	The Company shall undertake waste minimization measures as below:	
	a. Metering and Control of quantities of active ingredients to minimize waste.	Not Applicable
	b. Reuse of by-products from the process as raw materials or as raw material substitutes in other processes.	Not Applicable
	c. Use of automated filling to minimize spillage.	Not Applicable
	d. Use of Close Feed system into batch reactors.	Not Applicable
	e. Venting equipment through vapors recovery system.	Not Applicable
	f. Use of high pressure hoses for equipment clearing to reduce wastewater generation.	Not Applicable
VII	Green Belt:	
i.	The green belt of 5-10 m width shall be developed in more than 33% of the total project area, mainly along the plant periphery, in downward wind direction, and along roadsides etc. Selection of plant species shall be as per the CPCB guidelines in consultation with the State Forest Department.	Exploratory drilling is a very short-term activity. In case of commercially viable discovery of hydrocarbons, it will be complied with during production phase.
VIII.	Safety, Public hearing and Human health issues	
i.	Emergency preparedness plan based on the Hazard identification and Risk Assessment (HIRA) and Disaster Management Plan shall be implemented.	ERP has been prepared and will be made available at site.
ii.	The unit shall make the arrangement for protection of possible fire hazards during manufacturing process in material handling. Fire-fighting system shall be as per the norms.	Adequate fire protection measures will be made available at site.
iii.	The PP shall provide Personal Protection Equipment (PPE) as per the norms of Factory Act.	PPEs will be provided at site.
iv.	Training shall be imparted to all employees on safety and health aspects of chemicals handling. Pre-employment and routine periodical medical examinations for all employees shall be undertaken on regular basis. Training to all employees on handling of chemicals shall be imparted.	Regular trainings and awareness programme will be conducted at site.
v.	Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, creche etc. The housing may be in the form	Noted.

S. No.	EC Conditions	Compliance Status
	of temporary structures to be removed after the completion of the project.	
vi.	Occupational health surveillance of the workers shall be done on a regular basis and records maintained as per the Factories Act.	Regular health check-up will be done at site.
vii.	There shall be adequate space inside the plant premises ear marked for parking of vehicles for raw materials and finished products, and no parking to be allowed outside on public places.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
IX. Corporate Environment Responsibility		
i.	The project proponent shall comply with the provisions contained in this Ministry's IM vide F.No.22-65/2017-IA. III dated 1 st May 2018 as applicable, regarding Corporate Environment Responsibility.	Various programs/ activities will be undertaken for the nearby community.
ii.	The company shall have a well laid down environment policy duly approve by the Board of Directors. The environment policy should prescribe for standards operating procedures to have proper checks and balances and to bring into focus any infringements/ violation of the environmental/forest/ wildlife norms/ conditions. The company shall have defined system of reporting infringements/ deviation/violation of the environmental/ forest/ wildlife norms/ conditions and/ or shareholders/ stake holders. The copy of the board resolution in this regard shall be submitted to the MOEF&CC as a part of six-monthly report.	Health, safety, environment & sustainability policy duly signed by the CEO of the company has been prepared and will be implemented at site.
iii.	A separate environmental Cell both at the project and company head quarter level, with qualified personnel shall be set up under the control of Senior Executive, who will directly to the head of the organization.	Environment team with qualified & experienced professional has been setup in the company. Head of the Environment reports to Chief HSE & Sustainability Officer who reports to COO.
iv.	Action plan for implementing EMP and environmental conditions along with responsibility matrix of the company shall be prepared and shall be duly approved by competent authority. The year wise funds earmarked for environmental protection measures shall be kept in separate account and not to be diverted for any other purpose. Year wise progress of implementation of action plan shall be reported to the Ministry/Regional Office along with the Six-Monthly Compliance Report.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
v.	Self-environmental audit shall be conducted annually. Every three years third party environmental audit shall be carried out.	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.
X. Miscellaneous		
i.	The project proponent shall make public the environmental clearance granted for their project along with the environmental conditions and safeguards at their cost by prominently advertising it at least in two local newspapers of the District or State, of which one shall be in the vernacular language within seven days and in addition this shall also be displayed in the project proponent's website permanently.	Advertisement has been published in 'The Assam Tribune' and 'Dainik Janmabhoomi' newspapers on 25.04.2024 respectively. Copy of the Newspapers Advertisements are enclosed in <u>Annexure-1</u> .
ii.	The copies of the environmental clearance shall be submitted by the project proponents to the Heads of local bodies, Panchayats and Municipal Bodies in addition to the relevant offices of the Government who in turn has to display the same for 30 days from the date of receipt.	Complied. Copies of the environmental clearance has been submitted to the Heads of Local and Municipal Bodies in addition to the relevant government offices on 16.01.2024.
iii.	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on Parivesh portal and update the same on half-yearly basis.	Complied. Environmental Compliance is being prepared and uploaded on website on regular basis.
iv.	The project proponent shall monitor the criteria pollutants level namely, PM10, SO2, NOx (ambient levels as well as stack emissions) or criteria sectoral parameters, indicated for the projects and	No exploratory & appraisal well drilling and early production activity till date. To be complied with during project activity in future.

S. No.	EC Conditions	Compliance Status
	display the same at a convenient location for disclosure to the public and put on the website of the company.	
v.	The project proponent shall submit six-monthly reports on the status of the compliance of the stipulated environmental conditions on the website of the ministry of Environment, Forest and Climate Change at environment clearance portal.	Complied. Six-monthly compliance report is being prepared and submitted regularly.
vi.	The project proponent shall submit the environmental statement for each financial year in Form-V to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently and out on the website of the company.	Noted for compliance
vii.	The project proponent shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities, commencing the land development work and start of production operation by the project.	Noted for compliance
viii.	The project authorities must strictly adhere to the stipulations made by the State Pollution Control Board and the State Government.	Noted
ix.	The project proponent shall abide by all the commitments and recommendations made in the EIA/EMP report, commitment made during Public Hearing and also that during their presentation to the Expert Appraisal Committee.	To be complied with.
x.	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment Forest and Climate Change (MoEF&CC).	Noted
xi.	Concealing factual data or submission of false/ fabricated data may result in revocation of this environmental clearance and attract action under the provisions of Environment (Protection) Act, 1986.	Noted
xii.	The Ministry may revoke or suspend the clearance, if implementation of any of the above conditions is not satisfactory.	Noted
xiii.	The Ministry reserves the right to stipulate additional conditions if found necessary. The Company in a time bound manner shall implement these conditions.	Noted
xiv.	The Regional Office of this Ministry shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data/information/ monitoring reports.	Noted
xv.	The above conditions shall be enforced, inter-alia under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.	Noted. PLI is available.
xvi.	Any appeal against this EC shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Noted

'Betrayed' safai karamcharis to press NOTA button in Guwahati seat

Man arrested for circulating morphed 'nude photos' of girl, her friends

STAFF REPORTER

GUWAHATI, April 24: Feeling "betrayed" by the elected representatives for years, safai karmacharis of Guwahati Lok Sabha constituency have decided to press NOTA button of the EVM in this Lok Sabha election.

Talking to *The Assam Tribune*, president of Safaikarmi Anusuchit Jati Students Union, Bhim Basfore, said that they have met both the Congress and BJP candidates and informed them about their issues. But till now none of them have come up with a plan to

address these issues. So, this section of voters has decided to respond by pressing the NOTA button on the poll day.

"Like other parts of the State, safai karmachari of Guwahati Lok Sabha constituency have been facing lots of problems. In every election, every candidate assured us to help us. But after election everyone forgets about our problems. So this time we have decided to press NOTA. We will also organize a meeting to spread the message within the community on Sunday in the city," Bhim said.

The youth leader informed

that lack of permanent jobs in government offices is a serious issue for them. According to him, only around 2 per cent youth of the community now have permanent government jobs. At the same time, frequent eviction by the authorities is a threat to them.

"The policy of the government to engage safai karmacharis in government offices through contractors is a blatant violation of social justice norms. Most of these people are working at very low daily wages. Some of us are earning only Rs 3,000-4,000 per month. It is an injustice. We need permanent jobs at government offices and at least Rs 10,000 as monthly salary in the private sector," he stated.

Bhim even alleged that a syndicate exists in the contractual system, due to which a

number of youths belonging to the Basfore community have failed to get jobs in recent times.

Talking about eviction, Bhim said that in Guwahati, a large number of safai karmacharis are leading a life full of fear of getting displaced at any moment.

"The condition of most of the safai karmachari colonies is very pathetic, where proper potable water facilities and housing are still distant dreams. On the other hand, there have been repeated eviction drives. The present government is spending crores of rupees in different development projects. But very little amount of money has been spent for the development of safai karmachari colonies in the city. Our people are also deprived of availing different

benefits of the Social Justice department," he rued.

Sanju Basfore, a safai karmachari stated that they are the most neglected community in the city. So, this time they will press the NOTA button to express their grievances.

"We are non-political people. We just need to earn a livelihood and have some social security. Every day our people are working relentlessly to keep the city clean. But unfortunately, there is no public representative who would stand with us. So it is better to press NOTA, rather than get betrayed again," Sanju rued.

He stated that safai karmacharis of Guwahati would reconsider their decision, if any candidate gives a commitment to fight against the contractual job system, eviction and social injustice.

STAFF REPORTER

GUWAHATI, April 24: Guwahati Police today arrested a person for allegedly circulating morphed 'nude photos' of a girl and her friends on Whatsapp and other social media sites in a revenge for turning him down.

The person has been identified as 22-year-old Bilal Hussain. The accused hailing from Darrang was arrested from Bengaluru. He had been working at a private firm there as a security guard.

A case was registered with the Cyber PS in this connection on September 28 last year.

Police said that the accused established a close relation-

ship with the girl on a social media platform and introduced himself as Nabajit Nath alias Nabajit Talukdar. Later, the accused also took control of the Whatsapp number of the victim girl.

However, the complainant was unaware of the actual identity of the accused person and she never met him physically.

Once the communication was stopped by the complainant, the accused got revengeful. He threatened the complainant of ruining her life if the communication was not resumed, police said.

According to Guwahati Police, the accused planned to harm the image of the complainant and her friends. He

then collected some photographs of the victim and other girls from social media. These photographs were morphed into nude pictures and he used to send these morphed obscene pictures to the complainant and her friends over whatsapp messages by using different phone numbers.

He also uploaded these morphed obscene pictures on social media platforms and started blackmailing the complainant and her friends demanding illegal and unacceptable favours from these girls.

The accused was produced before a Court here which remanded him to five-day police custody.

OBITUARY

Nibedita Hazarika Madhab

GUWAHATI, April 24: Nibedita Hazarika Madhab of Sundarpur here, a socially active and popular person and wife of Kishor Jayanta Madhab, senior vice-president of Assam Olympic Association, passed away on April 24 at 2.39 am at New Delhi after a brief illness. She was 52.

She leaves behind her husband, a son, a daughter and host of relatives. Her last rites were performed at New Delhi today in the presence of her family members, relatives and well-wishers.

Vedanta Limited (Division: Cairn Oil & Gas)
ASF Center, Tower - A, Plot No. 362-363, Jwala Mill Road, Phase IV, Udyog Vihar, Sector-18, Gurugram - 122 002, Haryana

PUBLIC NOTICE

This is to inform that:
The Ministry of Environment, Forest & Climate Change (MoEF&CC), New Delhi, Govt. of India has granted Environmental Clearance (EC) to Vedanta Limited (Div.: Cairn Oil & Gas) for Onshore Oil & Gas Development & Production in the following mentioned hydrocarbon block:

EC Reference Letter No.	Block Name
EC Identification no. EC23A002AS110755 File No. IA -J-11011/ 280/2021-IA-II (I) dtd.11.10.2023	AA/ONDSF/HAZARIGAON/2018 Golaghat District, Assam

The State Level Environment Impact Assessment Authority (SEIAA), Govt. of Assam has granted Environmental Clearance (EC) to Vedanta Limited (Div.: Cairn Oil & Gas) for Onshore Oil & Gas Exploration, Appraisal & Early Production in the following mentioned hydrocarbon blocks:

EC Reference Letter No.	Block Name
EC Identification no. EC23B000AS171446 File No. SEIAA.3247/2022 dtd. 05.01.2023	AA-ONHP-2017/4 Jorhat District, Assam
EC Identification no. EC23B002AS121194 File No. SEIAA.2077/2022, dtd. 20.02.2023	AA-ONHP-2018/1, Golaghat District, Assam

The copy of the above referred Environmental Clearance (EC) letters are available with the State Environment Impact Assessment Authority (SEIAA), Assam/State Expert Appraisal Committee (SEAC), Assam/Pollution Control Board Assam (PCBA) and can also be viewed at the Ministry of Environment, Forest & Climate Change (MoEF&CC) website <https://parivesh.nic.in> and at Vedanta Ltd. (Div.: Cairn Oil & Gas) website <https://cairnindia.com>. This notice is issued in Stakeholder's interest.

Withdrawal of Assam Asset from Nazira Concern over reported ONGC move

STAFF REPORTER

GUWAHATI, April 24: Leader of the Opposition in the Assam Legislative Assembly, Debabrata Saikia has expressed concern over a media report about public sector giant ONGC allegedly "contemplating to withdraw the Headquarter of Assam Asset from Nazira".

Saikia sent a letter to the District Commissioner of Sivasagar on Wednesday in this regard.

"A news report has been published... today, i.e. dtd. 24 April, wherein it is stated that the ONGC is contemplating to withdraw the Headquarter of Assam Asset from Nazira to

somewhere else. It is reported that already one after another offices, which are parts of ONGC Assam Asset Headquarter has been shifted to some other place. As per the news, already the Geo-science laboratory has been shifted. Now the chemical-science laboratory is also being shifted. I would request you to kindly contact the senior officials of ONGC Assam Asset and find out the actual fact. Further, you are requested to raise the matter of shifting or proposal if any for shifting of any kind of office from ERBC Headquarter and instruct ONGC not to take any such step in order to avoid public resentment," Saikia stated in the letter.

Book *Envision the Wisdom* released

GUWAHATI, April 24: Author Chiranjib Barooah's latest work, *Envision the Wisdom* was released recently at the Gauhati Press Club, a press release stated. This diverse collection of over 100 articles spans a wide range of topics, offering readers a stimulating journey through the realms of knowledge and insight.

Among the guests present at the event were Saikh Md Sabah Al-Ahmed, Surajit Barooah, Pronami Bhattacharyya and Champak Barbara who enriched the discussions with their perspectives. Barooah emphasized the importance of fostering dialogue and introspection in today's world.

New turn to pub brawl case: Cop files FIR against owner

STAFF REPORTER

GUWAHATI, April 24: The recent early morning brawl at a pub in the city has taken a new turn with a constable of Basistha Police Station lodging an FIR against one of the owners of the pub for allegedly threatening him.

Three people were picked up by police after they allegedly assaulted an off-duty constable - also from Basistha Police Station - in the early hours of Sunday. The accused were, however, let off after issuing notices.

Another constable of Basistha Police Station Pranjal Saikia stated in an FIR yesterday that Ankur Dutta, owner of Echo Pub and Grill, had threatened him over the phone on Tuesday.

A police official said that a case was registered under relevant sections of the Indian Penal Code (IPC) and further investigation is under way.

Meanwhile, the constable last night posted a video on social media expressing concern about his safety and he alleged that despite filing the FIR, no action was taken against the person. Saikia was today reserved closed for this action.

The owners of the pub, Ankur Dutta and Krishanu Lahkar and the security guard Debakanta Debnath were detained by police after Sunday's incident.

MLA files FIR against Cong candidate

STAFF REPORTER

GUWAHATI, April 24: Lakhimpur MLA Manab Deka today lodged an FIR with Dispur Police Station against Congress candidate for Lakhimpur parliamentary constituency Uday Shankar Hazarika for 'defaming' him. Earlier, Deka said Hazarika had accused him of circulating an obscene video of the Congress candidate following which a legal notice was sent to him. Hazarika had, however, denied the allegation.

Special event marks Autism Day

GUWAHATI, April 24: Projonmo, an NGO working

with people with special needs from Survey Guwahati, host-

ed a special event to mark World Autism Month on April

22 with Dr Gayatri Bezboruah, Professor, Department of Paediatrics, Gauhati Medical College as the chief guest, a press release stated.

Dr Bezboruah addressed the importance of good parenting and nutrition in growing children. Children from Projonmo therapy center and daycare unit, show off their talents, along with their mothers. The highlight was the mothers and their children walking down the ramp together, creating a lasting moment for everyone to cherish.
